Re.: Nevada Division of Environmental Protection Response to:
Revised Quality Assurance Project Plan, (QAPP) dated March 2, 2006
NDEP Facility ID# H-000688

Dear Mr. Paris:

The NDEP has received and reviewed BRC's correspondence identified above and considers the document final. The NDEP provides comments below for the administrative record and no response is necessary.

1. Section A6.3, it is the belief of the NDEP that this section should also potentially address the eastern two trade effluent settling ponds. It is the understanding of the NDEP that this issue is an ownership issue and is under review by BRC.
2. Table 2, please note that the NDEP has not verified the adequacy of the screening levels outlined in this table as it is BRC's responsibility to insure that data being collected are suitable for future risk assessment work.
3. Table 4, please note that the NDEP has not verified that this table matches the finalized (March 7 2006) list of site-related chemicals.

Should you have any questions or concerns, please do not hesitate to contact me at (702) 486-2850x247.

Sincerely,

Brian A. Rakvica, P.E.
Supervisor, Special Projects Branch
Bureau of Corrective Actions
