

# WE GET THINGS DONE.

**Most dumpsters hold stuff. Ours also contain a promise.**

We will always provide exceptional service and keep our commitments. We will always have respectful and helpful drivers who go the extra mile. We will always have clean, well-maintained equipment and provide great value for your business.

There's a reason you see our blue dumpsters all over town. We get things done and we want to be your partner for the long haul.

TOGETHER, **WE** CAN MAKE A DIFFERENCE

# WE LIKE A CHALLENGE.

**A competitive market serves the best interests of society.**

We know our customers have a choice. It's driven us to work harder and be more efficient with our resources. We are grateful that our customers recognize the effort and reward us with their business.

We value the opportunity to compete. It's one of the things that has made our country so great. In the end, the real winners are consumers.

TOGETHER, **WE** CAN MAKE A DIFFERENCE

# WE WANT A CHANCE.

**City contracts should not be about who you know, but what you do.**

America was organized around free commerce – with the resulting reward for industry, innovation, and ambition. This idea has not only made America prosperous, but a vibrant, dynamic, and progressive society as well.

All we need is the opportunity to compete. The chance to prove ourselves in the free market with competitive pricing and better service for our city and its people.

TOGETHER, **WE** CAN MAKE A DIFFERENCE
